MANISH YADAV

.NET DEVELOPER | C# | ASP.NET MVC | WEB API | SQL SERVER

+91 9451697870 | manish.sp2060@gmail.com | linkedin.com/in/mr-dev123

PROFESSIONAL SUMMARY

.NET Developer with 3+ years of hands-on experience developing and supporting web-based applications across courier, logistics, and ERP domains. Skilled in C#, ASP.NET MVC, ASP.NET Web API, ADO.NET, SQL Server, RESTful API development and integration, and jQuery. Contributed to business features covering shipment booking and tracking, dispatch, billing, invoicing, accounting, POD, reporting, eWay Bill, and IRN workflows. Experienced in SQL queries and stored procedures, application troubleshooting, and maintaining web applications using established coding practices.

TECHNICAL SKILLS

Programming: C#
Frameworks & Data Access: ASP.NET MVC, ASP.NET Web API, ASP.NET Web Forms, ADO.NET
Database: Microsoft SQL Server, MySQL, SQL queries, stored procedures, query optimization
API Development: RESTful APIs, third-party API integration, API consumption
Frontend: HTML, CSS, Bootstrap, JavaScript, jQuery, React.js (basic knowledge; currently learning)
Tools & Practices: Visual Studio, Postman, SVN, OOP, SDLC, debugging, troubleshooting, coding standards

WORK EXPERIENCE

.NET Developer | Sagar Informatic Pvt. Ltd. | March 2024 - Present

- Develop and maintain web applications using C#, ASP.NET MVC, and SQL Server across presentation, business-logic, and data-access layers.
- Develop and integrate RESTful Web APIs for application workflows, including API services consumed by Android applications.
- Write and maintain SQL queries and stored procedures supporting shipment operations, business rules, and operational reports.
- Implement and support logistics modules for booking, shipment tracking, dispatch, billing, invoicing, and reporting.
- Investigate and resolve issues across application and database layers; follow SDLC practices and established coding standards.

SELECTED PROJECTS

Courier Mitra | ASP.NET MVC, C#, Web API, SQL Server, jQuery
Courier and logistics management system for parcel booking, shipment tracking, and operational workflows.

- Developed features for parcel booking, shipment tracking, rate calculation, delivery status, and branch management.
- Built REST APIs for Android applications to support shipment tracking and logistics updates.
- Worked on SQL queries and stored procedures for operational workflows and application performance.
- Developed user-interface screens using ASP.NET MVC, jQuery, HTML, and CSS.

Gracious Logistics | ASP.NET MVC, ADO.NET, SQL Server, jQuery
Courier ERP and logistics management system spanning operations, finance, compliance, and administration.

- Contributed to pickup and shipment processing, dashboards, master management, and operational reports.
- Worked on invoicing, accounting, COD management, user permissions, and Excel data-import workflows.
- Contributed to eWay Bill, IRN, billing, KYC verification, and channel order management modules.

AsianRoadways | ASP.NET MVC, Web API, SQL Server, ASP.NET Web Forms
Web-based logistics application supporting shipment operations, tracking, and finance workflows.

- Worked on shipment booking, AWB management, dispatch, delivery-status updates, and manifest generation.
- Contributed to POD scan upload and tracking, DRS management, invoice handling, accounting, and IRN workflows.
- Supported dashboard navigation, manifest printing, and client/forwarding-number updates.

YuantaiLogistics | ASP.NET MVC, SQL Server, jQuery
Courier and logistics system supporting transportation, shipment operations, and related business processes.

- Worked on pickup and shipment operations, client and vendor management, and user/dashboard workflows.
- Contributed to invoicing, accounting, reports, deviation reports, and complaint/query management.
- Worked on eWay Bill processing, trip-expense handling, and print/documentation management.

ADDITIONAL PROJECT EXPOSURE

Supported projects/modules: Art Express, BCM Supply Chain, Everest Logistics (eWay Bill, IRN, billing and accounting), Kambson, Khimji Poonja, RE Logistics, Team Logistics, ULCC, Universal Express, ePortal (React), Decan Dart, 4A Express, Unitrack, and Unitrack BKU (University).

EDUCATION

Master of Computer Applications (MCA) - Chandigarh University | Currently Pursuing

Diploma in Computer Science - Jawaharlal Nehru Polytechnic, Mahmudabad, Sitapur | 2019

Senior Secondary (Class XII) - BRIC Rampur Pokhrapar, Deoria | 2016

Languages: Hindi - Native/Bilingual | English - Limited Working Proficiency
